Objective

Detail- oriented and ambitious engineering student with passion for obtaining accurate results and working on a team. Seeking an entry-level position in the engineering industry to pursue a career and improve my skill set.

Education

01/06/2025

Nagarjuna College Of Engineering and Technology

B.E In Electronics and Communication - 8.78Cgpa

15/03/2021

Narayan P.U College

12 th -95.55%

10/03/2019

Unique International School

10th - 95.87%

Skill

- I have completed course in problem solving through programming using 'C' language
- Digital system Design using verilog
- Analog electronic circuits using multisim
- Completed intership in python language from Technical hub
- Machine learning using python from NIT Suratkal
- Completed workshop from Digi Toad technologies in embedded system control using Arduino microcontrol
- Completed a course in Database management system(DBMS) using Sql

Projects

- **Circuit breaker alarm led**
Build a circuit
- **Simple Login page using python**
using tkinter as library
- **Grade calculator using python**
using tkinter
- **Digital clock using python**
using tkinter
- **Battery level indicator using python**
using tkinter

Language

- Kannada, English

Activities

- Won in Presentations conducted at Institutes
- Presenting Business ideas

Personal Details

- Date of Birth : 16/05/2003
- Marital Status : Unmarried
- Nationality : Indian
